

WHAT YOU NEED TO KNOW

CAN I PARTICIPATE?

Height 120cm - 185cm* (see graphic right of you)
Weight 40kg - 100kg
Age min. 14 Years old

*When you're taller than 185cm, but your upper part of the body is not more than 91cm it should work.

Participants are advised to be well rested for the flight. Please avoid drinking alcohol 24 hours prior to the scheduled experience. Motion sickness is possible and can be reduced by avoiding heavy meal(s) prior to the flight. We though recommend you to eat a small snack 2-3 hours before. Individuals who are pregnant, have broken bones, have heart problems or other physical conditions, which are considered as unsafe conditions, are not eligible to participate.

Participants are required to sign a Liability Release Form.

GENERAL INFORMATION

You will meet with your expert Pilot at the Airfield in Triengen. Here you will receive a 15 minutes briefing on the plane and all safety procedures. After a quick Photosession, you will suit up and strap into the front seat. Then the engine begins to power you and your Pilot forward. After takeoff you fly 5-7 minutes to the aerobatic area. Once arrived your Pilot performs loops, rolls, hammerheads, spins and more! The pilot always guides you through the flight.

WHERE IT'S LOCATED

Flying Ranch
Kehrhof,
6234 Triengen

WHAT TO WEAR

Dress comfortably. Flat rubber-soled shoes and layered clothes are recommended for this aerial adventure.

WHO IS INCLUDED

PARTICIPANTS

The FlyU Aerobatics Ticket is for one participant.

GUESTS

You may invite friends and family to join you at the airport to watch the take-off and landing.

You can also take a picture in front of the plane if you wish.

There is a small Airport Restaurant as well.

<https://www.roessli-triengen.ch/flugplatz/restaurant/>

WHEN IT IS OFFERED

The Aerobatic Airplane Ride is offered seven days a week year-round, subject to availability of airplane and pilots.

HOW LONG IS IT

The total duration is your flight time plus one hour ground time.

So when you've booked the 30' Aerobatics Medium package, then you will have a total time of 1,5 hours.

WHEATHER

The Aerobatic Extra flight may be rescheduled by the Pilot any time due to high winds, heavy rain, fog or other inclement weather.

RESERVATION INFORMATION

All changes to reservations for the FlyU Aerobatics Adventure require two (2) days advance notice.

We won't make any refunds, but we can reschedule your flight, or you can exchange it against a voucher for your friends!

ADDITIONAL INFORMATION

Designed from the ground up for aerobatics, the Extra Airplanes are from the best all over the world and are widespread in airshows and competitions. With a 200 horsepower engine, constant speed propeller, and composite construction the Extra is certified for +/- 10 Gs solo, or +/- 8 Gs dual. The aircraft has a roll rate of more than 300 degrees per second and is capable of unlimited level aerobatics.
